

Tumult Whisk End User License Agreement

By agreeing to have any of Tumult Inc. software products installed on to your computer equipment and by subsequent use of the Software, you agree to comply with the terms of this general End User License Agreement (“EULA”) where no specific agreement is in place between Tumult Inc. and the user of the software. If you do not agree to the terms of this EULA, do not install or use the Software but return it for a full refund. This EULA is only intended for downloads and purchases made directly from Tumult and not the Mac App Store or Setapp distributions.

1. General

The software, documentation and any fonts accompanying this License whether on disk, in read only memory, on any other media or in any other form (collectively the “Tumult Software”) are licensed, not sold, to you by Tumult Inc. (“Tumult”) for use only under the terms of this License, and Tumult reserves all rights not expressly granted to you. The rights granted herein are limited to Tumult’s and its licensors’ intellectual property rights in the Tumult Software and do not include any other patents or intellectual property rights. The rights granted under the terms of this License include any software upgrades that replace and/or supplement the original Tumult Software product, unless such upgrade contains a separate license.

2. Permitted License Uses and Restrictions

This License allows you or your organization to install and use Tumult Software as generally intended by its accompanying documentation. Except as and only to the extent expressly permitted in this License or by applicable law, you may not decompile, reverse engineer, disassemble, modify, or create derivative works of the Tumult Software or any part thereof.

a. Per-User Licenses

Tumult Software is sold as “Per-User” licenses. A User correspond to an individual within an organization, or a single individual when personal use is intended for the Software. That individual can install and operate the Software on multiple machines, as long as they are the only one using it.

i. Practical Examples:

- An individual user that purchases a single user license CAN run Tumult Software on their laptop and desktop computer. If they purchase a new machine, it can be installed there too.
- An organization that purchases a 10x user license can have up to ten individuals operating the Software simultaneously. It can be installed on more than 10 machines.
- An organization that purchases a single user license CANNOT have two or more individuals running the Software simultaneously.
- An individual that is using a license purchased by their organization CANNOT use the Software for purposes outside the organization (such as personal use) without purchasing a separate license.
- A school that orders a 30x user license for a class of 30 students does not need to purchase a new license for the next class session, as the previous class will no longer have access. This can be considered a license transfer.

ii. Enforcement:

You or your organization is responsible for enforcing the number of users simultaneously running the Software is in accordance with the license purchased. If more users are using the Software than allowed by the license, you must immediately purchase additional licenses.

b. Educational Licenses

Tumult may grant lower-cost licenses to students, faculty, or staff of recognized educational institutions. In a case where such an “Education License” is purchased from the Tumult Education Store, it may be used for educational purposes only and is

not to be used for profit-generating activities (beyond creating educational materials for the purchasing institution). Upon leaving the educational institution, the license may be upgraded to a normal (non-Education) license at the current cost of the normal license minus the cost previously paid.

c. Transferring Serial Numbers and the License

Tumult Software is unlocked and registered via Serial Numbers. You may not share your Serial Number with anyone, with the following exceptions:

- i. As permitted or required for a multi-user license to distribute to other valid users
- ii. Unless you are permanently terminating your usage of the Software and delete all copies, as to transfer to another user.

Tumult may revoke serial numbers if we discover they have been posted or shared outside of accordance of these exceptions (i.e. as part of piracy).

If you transfer the License, you must notify Tumult by email with the new recipient's name and email address (an exception is made for class labs where this would be unwieldy, or result in obtaining minor information).

d. Created Content / Exports from Tumult Software

Content created with the Software and exported (typically via 'File > Export' or 'File > Save' menu items) is your own to do with what you like. This can include uploading to 3rd party servers or publishing for billions of views. Exported content may in part include portions of Tumult Software, such as runtime libraries. You are granted a cost-free and royalty-free license to use these runtime libraries with two exceptions:

- This section is not in conflict with a separate contract with Tumult (such as a CPM-based license for ad serving).
- You do not use any of the runtime libraries for the purpose of creating or improving software that competes with Tumult Software.

You are free to make changes to the exported runtime libraries, but any Tumult-provided support or assistance is waived if you have done so.

e. Trials

Tumult may make software available for Trial and Evaluation purposes. Beyond a limited time period of usage, there are no specific restrictions on Trial software compared to a purchased license unless otherwise indicated by the Software. You are not permitted to bypass trial time periods if you intend to use the Software beyond the specified trial duration.

3. Termination

This License is effective until terminated. Your rights under this License will terminate automatically without notice from Tumult if you fail to comply with any term(s) of this License. Upon the termination of this License, you shall cease all use of the Tumult Software and destroy all copies, full or partial, of the Tumult Software.

a. Refunds

Tumult will grant refunds upon termination of using the Software if requested and within a 30-day period of the initial purchase. Beyond this timeframe, any refunds will be granted on a case-by-case basis. We always recommend using a Trial/Evaluation when possible if you are uncertain if the Software will fulfill your needs.

Purchases from the Mac App Store use a different EULA, and fall under Apple's refund policy. Only Apple can grant Mac App Store refunds.

4. Limitation of Liability

TO THE EXTENT NOT PROHIBITED BY LAW, IN NO EVENT SHALL TUMULT BE LIABLE FOR PERSONAL INJURY, OR ANY INCIDENTAL, SPECIAL, INDIRECT OR CONSEQUENTIAL DAMAGES WHATSOEVER, INCLUDING, WITHOUT LIMITATION,

DAMAGES FOR LOSS OF PROFITS, LOSS OF DATA, BUSINESS INTERRUPTION OR ANY OTHER COMMERCIAL DAMAGES OR LOSSES, ARISING OUT OF OR RELATED TO YOUR USE OR INABILITY TO USE THE TUMULT SOFTWARE, HOWEVER CAUSED, REGARDLESS OF THE THEORY OF LIABILITY (CONTRACT, TORT OR OTHERWISE) AND EVEN IF TUMULT HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. SOME JURISDICTIONS DO NOT ALLOW THE LIMITATION OF LIABILITY FOR PERSONAL INJURY, OR OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THIS LIMITATION MAY NOT APPLY TO YOU. In no event shall Tumult's total liability to you for all damages (other than as may be required by applicable law in cases involving personal injury) exceed the amount of fifty dollars (\$50.00). The foregoing limitations will apply even if the above stated remedy fails of its essential purpose.

5. Export Control

You may not use or otherwise export or reexport the Tumult Software except as authorized by United States law and the laws of the jurisdiction in which the Tumult Software was obtained. In particular, but without limitation, the Tumult Software may not be exported or re-exported (a) into any U.S. embargoed countries or (b) to anyone on the U.S. Treasury Department's list of Specially Designated Nationals or the U.S. Department of Commerce Denied Person's List or Entity List. By using the Tumult Software, you represent and warrant that you are not located in any such country or on any such list. You also agree that you will not use these products for any purposes prohibited by United States law, including, without limitation, the development, design, manufacture or production of nuclear, missiles, or chemical or biological weapons.

6. Controlling Law and Severability

This License will be governed by and construed in accordance with the laws of the State of Delaware, as applied to agreements entered into and to be performed entirely within Delaware between Delaware residents. This License shall not be governed by the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded. If for any reason a court of competent jurisdiction finds any provision, or portion thereof, to be unenforceable, the remainder of this License shall continue in full force and effect.

7. Complete Agreement; Governing Language

This License constitutes the entire agreement between you and Tumult relating to the Tumult Software, and supersedes all prior or contemporaneous understandings regarding such subject matter. No amendment to or modification of this License will be binding unless in writing and signed by Tumult. Any translation of this License is done for local requirements and in the event of a dispute between the English and any non- English versions, the English version of this License shall govern, to the extent not prohibited by local law in your jurisdiction.

8. Contact

If there are any questions regarding this EULA or the Software, you can first contact Tumult by emailing us at contact@tumult.com.
